Dear Summer Adventures Parent or Guardian,

The purpose of Tuition Assistance is to give households that are challenged by our tuition fees the opportunity to participate in the Point Lobos Summer Adventures program. Please read and complete the Tuition Assistance application and return it by email or to the physical address above by March 31, 2018.

Granting of the scholarships depends on many factors, including (but not limited to): the completion of the Tuition Assistance application and meeting its guidelines, the number of applications received, the time the application is received, and the amount of available funds for scholarships. All the information supplied is completely confidential. Please include any special circumstances that will help in determining eligibility.

We hope you can participate in our Summer Adventures Program this year. If you have any questions or concerns, please call the above phone number.

Be safe in the outdoors, and keep the parks clean for future generations.

Sincerely,  
Point Lobos Summer Adventures Coordinator  
California State Parks, Monterey District
